

NECPWA Library

 / NECPWA Library

NECPWA holds a large collection of motoring related reading material which members can borrow (**subject to certain conditions**).

Conditions of Borrowing

It is envisaged that since most of the pre-war material is in loose-leaf form, that photocopies will be provided of requested material, for which a small charge may be made to cover the cost of photocopying and postage.

For other material, where the originals are provided, a maximum loan period of one calendar month will be given, after which the material must be returned or fines will be imposed and the deposit lost. A refundable deposit will be required, which will be on a sliding scale, depending upon the rarity and value of the material borrowed. The borrower is expected to pay all postage.

Should there be an unexpected demand for particular information, or the borrower wish to keep material, specific details will be requested and photocopies forwarded, again the borrower will be expected to pay the cost of the photocopying and postage.

The NECPWA Club Librarian is:

Mark Grajewski

Tel: 078450507518
